Re: Bananas!*

Dear Mr. Edelman:

As mentioned in our previous letter, *Bananas!** is a factual documentary about the Tellez case and how it directly played out in 2007. All collateral and publicity materials will place the film in context in light of the recent cases.

As you know, the film is scheduled to premiere on June 20th, 2009 at the Los Angeles Film Festival. A copy of the film will not be available until after the premiere.

Please let me know if you are interested in two tickets to that screening.

Very truly yours,

Richard J. Lee
